

STROKE & TURN JUDGE

Cheat Sheet

STROKE & TURN JUDGE ROLE MUST HAVE AN IOS DEVICE

GETTING STARTED:

- ☐ Open the Swimmingly app
- ☐ Check the small grey numbers in the top left corner to ensure you're running the most up to date version of the app.
- ☐ Select the Stroke & Turn Judge role and ensure your local network and location services are enabled. Enter your pool deck nickname and click "Ready to Huddle"

THE HUDDLE:

- ☐ With the Swimmingly app open, scan the QR code shown on the Scorekeeper's iPad.
- ☐ If you're having issues scanning, ensure you are in a shaded area and using the Swimmingly app to scan the QR code.

ADDITIONAL NOTES:

- ☐ INDIVIDUAL RACES:
 - Tap to make a DQ > You must select the lane > select the category of infraction of which it occurred (Start, Swim, Turn) > select the specific infraction(s) > Tap "Save & Continue".
 - IM (individual medley): Remember the order (Butterfly, Backstroke, Breaststroke, Freestyle) when scrolling to select the infraction(s)
- ☐ RELAY RACES:
 - Tap to make a DQ > You must select the lane > select the swimmer (1, 2, 3, 4) > select the category of infraction of which it occurred (Start, Swimming, Turn) > select the specific infraction(s) > Tap "Save & Continue".
- ☐ HOW DO I ENTER A DQ WHEN WE'VE COMBINED EVENTS?
 - You will need to select the appropriate event in which the infraction occurred, then proceed with the steps above.
- ☐ HAVE A HEAD OFFICIAL? HERE'S SOME SUGGESTIONS:
 - Option 1: Raise your hand, await the head official's verification, proceed, or simply tap 'back' if the call is overturned.
 - Option 2: Head Official can review DQs at the Scorekeeper table, and reverse calls if necessary on Scorekeeper's iPad.
 - Option 3: Stroke & Turn Judges carry out duties as normal and head official inputs the DQs on the Swimmingly® app directly.
- ☐ REMINDER: You CAN select multiple infractions for a single DQ.
